

Install Tasty Stash on your phone

Free. No App Store or Play Store needed. Takes under a minute.

Scan to open

Open this link on your phone: **tasty-stash.vercel.app**

iPhone

use Safari

Works on iPhone and iPad. Open the link in Safari, not inside WhatsApp or Instagram.

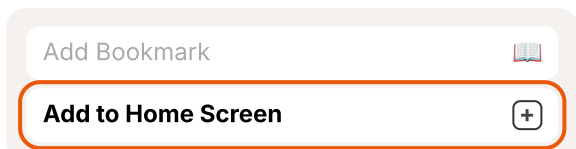

- 1 Open **Safari** and go to **tasty-stash.vercel.app**

- 2 Tap the **Share** button (square with an arrow pointing up). On iOS 26, tap **...** first, then **Share**.

- 3 Scroll down the list and tap **Add to Home Screen**.

- 4 Leave **Open as Web App** switched on (if shown), then tap **Add** in the top right corner.

- 5 Find the **Tasty Stash** icon on your home screen and open the app from there.

Android

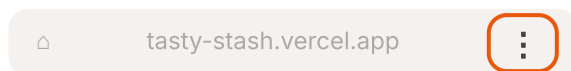

use Chrome

Works on Samsung, Pixel, OnePlus and others. Open the link in Chrome, not inside WhatsApp or Instagram.

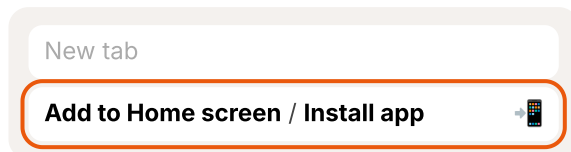

- 1 Open **Chrome** and go to **tasty-stash.vercel.app**

- 2 Tap the **three dots** **:** in the top right corner.

- 3 Tap **Add to Home screen** (some phones say **Install app**).

- 4 Tap **Install** to confirm. (If Chrome shows an **Install** pop-up at the bottom by itself, you can just tap that.)

- 5 Open **Tasty Stash** from your home screen or app drawer.

Good to know

- Opened the link from WhatsApp? Tap **...** or **:** and choose **Open in Safari** / **Open in Chrome** first.
- iPhone: after installing, open the app from the new icon and sign in once more. The app keeps its own login, separate from Safari.
- Samsung Internet browser: tap **≡**, then **Add page to**, then **Home screen**.
- Updates arrive by themselves. When the app says **"A new version is ready"**, tap it to get the newest version.
